Top Teams Beaten as League Fight Intensifies

Norwood Crushed By Sturt's Brilliant Run

PORT FAIL IN LAST TERM AGAINST SOUTH

Torrens' Close Call at Glenelg

(Conducted by Percy Furler)

Final scores in today's thirteenth series of league football matches were:—

Sturt, 22-17 (149 points), d. Norwood, 11-11 (77 points). North, 15—19 (109 points), d. West, 11—9 (75 points). Torrens, 14-5 (89 points), d. Glenelg, 11-19 (85 points). South, 15-12 (102 points) d. Port, 11-13 (79 points).

Outmarking Norwood and beating them in general midfield play, Sturt were superior at Unley. After holding the redlegs in the first term they broke away and winning across centre and in the rucks, had the game won at half-time.

South regained lost prestige by defeating the leaders of the league premiership table at Adelaide. Although South failed to score in the second term their more accurate forward work enabled them to win comfortably.

With Farmer in top form—he scored 10 goals—North led throughout to defeat West comfortably at Prospect. Inaccurate goal shooting by Glenelg prevented them from winning their second match for the season. Torrens were not impressive, but scored a four-point victory.

BY their convincing win over Norwood at Unley, Sturt proved that they hold definite claims to premiership class. Excelling in the rucks, and holding the advantage on the wings. for many of his goals. they continually had Norwood fighting a losing battle.

High marking was a feature of their play, and when Norwood found that they could not combat them in the air they attempted to race them in ground play. It says much for the balance of the Sturt team that they successfully opposed the redlegs in this department, and their last two wins have socused attention to their premiership prespects.

North to Win

(By F. K. M.)

RY far the most important factor in North's comfortable victory over West in the vital game at Prospect was Farmer's great exhibition at full forward.

After a series of indifferent displays he reproduced today the brilliant form he had displayed in the early matches of the season.

He completely dominated the area in front of West's goal, but the opposition he encountered from the West defenders was not as serious as it would have been had Mattiske been playing.

Farmer nevertheless had to fight hard

He kicked 10-4 from 14 scoring shots, some of them from seemingly This, under any impossible angles. circumstances would be a meritorious performance. Most of his scoring was done from marks. Time and again he soared above the packs, his unerring judgment giving him a tremendous advantage over his opponents.

THIRTY scoring shots-11 goals. Nineteen scoring shots-14 goals. This told the story of Gleneig's defeat by four points by Torrens at Gleneig. Superior in every other part of the field Gleneig should have won by several goals instead of going under to a team which on the day was distinctly inferior.

An exciting last quarter provided a welcome relief to a tame, unenterprising game, which Torrens must consider

GLENELG BETTER IN RUCKS

For the first three quarters there appeared to be little interest in the game, but in the closing term the fight for leadership brought the spectators to their feet.

The Glenelg men were better in the rucks and in the air

Taking the game all round Glenelg played by far the better football, although at no stage was it of the firstclass entertaining type. They prevented their opponents putting up a big lead in the first term when they were served with a strong wind, then wiped off a 15-point deficit to reverse the position at half-time.

Suffering a disastrous lapse in the third term Glenelg temporarily lost sway and then staged a bold bid in the last term only to lose through faulty

kicking. Working against the wind, both sides were too prone to long kicks, which were frequently caught by the wind and blown back or out of direction. Many times low punt pas drop kicks would have been far more

BAY JUNIORS PLEASE

The form shown by Torrens was anything but convincing. They too often lagged behind their opponents, and in individual clashes were generally outplayed. Glenelg had an exceedingly weak team, and although Bridgman was out of Torrens, their display should have been much better.

Probably the most pleasing aspect of the game from Glenelg's side was the play of the juniors Boyle, Elsdon, and Power. Boyle indicated that with a little more experience in league football he will be one of the outstanding men next year.

Although not having any direct bearing on the result of the game, there was ample cause for criticism of the display by Umpire Thomas.

League Close-Ups

MATTISKE'S absence through influenza was a severe blow to West today. He is perhaps the only defender in the league who would be capable of checking Farmer when the latter is at the top of his form. Hare was Farmer's opponent in the first half of the game. At first he appeared to be keeping Farmer fairly quiet, but before the first term was ended it was obvious that he was no match for the crack North forward. Matthews, who took Hare's place at half-time, was only slightly more successful than his teammate in checking Farmer.

quarter.

Mackay played a brilliant game as they were from difficult snapshots. at centre for South against Port. made a strong post of the pivot, and played a big part in South's fine win. He kept his feet well on the slippery centre patch, and was full of running when other players were unable to stand.

MUNRO, Murdy. and Rosewarne played fine fortball in the forward line for South at Ade-

HEAD and shoulders above his opponents in the air, and many yards longer than any other player in his kicking. Jack Boyle, playing at centre half-forward for Glenelg, was the outstanding performer in the match against Torrens at Glenelg. He showed without doubt that he has every attribute for a good footballer, and he is sure to take a prominent part in league

discussions next season. G. WAITE'S four goals for Tor-M. c. walles Glenelg contributed to his side's fine record of accuracy. At least three of these could have been behinds without calling for criticism.

ALTHOUGH they lost, Glenels have reason to be pleased with today's game. Juniors like Power, Elsdon, Boyle, and Curnow showed great form. Power was used on a centre wing, and in his first match in league company acquitted himself admirably. showed pace, judgment, and ability to pass the ball. Elsdon, entrusted with the difficult duties of full back, came through as one of the best men for Glenelg. He was a sturdy defender.

WITH his team playing anything but good football, M. Foote. West Torrens captain, was faced with a sertious proposition at Glenelg. He set a great example to the side by his persistent and useful play. He was always in the fray, and came out as the best man for his side. Because of Bridgman's absence and the weak showing by his rucks, he had a turn there in
