# BRILLIANT BAYS GO ROLLING ON

By SAM GALLAGHER

Continuing on their irresistible way, Glenelg today gave their most devastating display yet in subjecting North to a 110-point defeat at the Bay.

The Tigers' victory, their seventh straight by more than 50 points, had Bay supporters reaching for superlatives to do justice to the side's sustained brilliance.

Glenelg, with games against Port and Central Districts to go, look certain to complete the first round undefeated and the current form of the other sides in the competition is such that only Sturt at their top appear to present a serious challenge.

From the first bounce today the Bays took complete control.

### NO MATCH

North salvaged something from the wreck in the last quarter but Glenelg still kicked 6-1 to equal last week's tally of 186 points, the season's best so far.

Phillis and Pattinson each kicked eight goals, the latter giving a brilliant exhibition of attacking roving.

North, being carried by too few, were no match for Glenelg's teamwork.

At Adelaide West's second convincing win over Port emphasised the fact that the Magpies have a battle on their hands to make the four. Level in fourth place with North, Port could be two games out of the four by Saturday week as their next two matches are against Glenelg and Sturt.

Centrals and Norwood trailing the field at this stage turned on a real crowd pleaser at Norwood.

The result was in doubt until the siren and both teams produced bursts of brilliant football. Centrals' ascendancy in

ruck in the second half was the deciding factor in a great game.

At Unley it was only in the last quarter that Sturt were able to break away from a vastly improved Torrens.

### POTENTIAL

For the first time this season, Torrens rucks played up to their full potential and rovers Birt and Phillipou made the most of this advantage.

A typically strong game by Schoff was an important influence in Sturt's win.

A tremendous first quarter by Woodville gave South no hope of recovery at Woodville.

Craig McKellar's control in ruck gave Woodville a flying start and they never lost control, finishing 51 points up.

## FIVE NEW MEN IN SA SQUAD

The State selectors tonight named five players to join the SA football squad for the Australian football championships in Adelaide next month.

The new players are: J. Cahill (Port), M. Coombe (South), R. Ebert (Port), R. Hammond (North), K. Pattinson (Glenelg).

The following players have been removed from the squad:

C. Cock (South), N. Teasdale (Woodville), P. Endersbee (Sturt), P. Anderson (North), T. Stanton (Central Districts).

# BAYS' POWERFUL MACHINE GRINDS ON

By STAN WICKHAM

Although it was "Back to Glenelg Week," the Bays proved unhostitable hosts by handing out a giant hiding to the Roosters at Glenelg Oval.

North had no answer to Glenelg's outstanding teamwork and power.

	1st	2nd	3rd	Final	Pts.
Glen.	8-6	14-11	22-17	28-18	186
North	0-2	2-5	4-9	11-10	76

Main reasons for the Tigers thrashing North were — Eustice's dominance of centre (Robran was shifted early in the second term); the complete control of the Glenelg rucks, Kernahan, Long, Kerley, and Button, plus the devastating roving of Pattinson and Anesbury.

Further reasons were the perfect use of handball by Glenelg. Rarely was it wasted — and the backing up and precise understanding of all players plus their skill and courage at blocking the ball right off the boot.

### All over

This is the best team performance I have seen from any club for a long time and with comparisons being made of Glenelg's last grand final side in 1950, on today's showing, the present side would make mincemeat of the old boys.

The game was virtually over in the first term when Glenelg ripped the North defence apart to the tune of 8-6 to two points.

Eustice was the chief instigator with great ball-getting and with Kernahan and Long flicking the ball away from both bounces and throw-ins, Pattinson and Anesbury (roving) did not waste a touch.

Glenelg approached the ball with fierce intent and gave no ground to sweep into attack smoothly.

The ball was pumped at Phillis and despite tight checking by Barr there were plenty of avenues from which to score. Six players kicked the Bays' eight goals for the term.

As Eustice engineered more Glenelg attacks early in the second term, resulting in goals from Phillis and Pattinson, Robran was shifted first to centre half-forward then later on the ball where he spent the rest of the game. Phillips went to centre.

Robran kicked North's first goal for the game

five minutes into the second term then made the opening for their second when he gave Burns the ball and hammered home a great running goal.

### Straight back

Glenelg thumped back into attack in retaliation through their rucks and centre line plus the rebound from half-back where Colbey was going fine.

The use of handball by Glenelg was an education, as were the exacting tackles that so often caught the North players as though they had been hit by a giant black-and-gold swinging door.

A score of 6-5 to 2-3 for the second term had Glenelg 78 points up at half-time. They had been magnificent.

As good as the other terms had been, the third quarter had Glenelg reaching a peak of football perfection and North could do little to stem the flow.

Phillis got away from Barr in this term to kick 4-1 for the term while the Bays poured on 8-6 (equalling their first term) to enthrall the 15,319 spectators.

One magnificent leap and mark by Phillis was the highlight of the day. It rightly ended in a goal.

### Often caught

Glenelg's ability to swing from defence to goals with excellent backing up and handball often caught the North defence guessing and many a head was shaken in disbelief.

North, down by 116 points at the last change, outscored Glenelg 7-1 to 6-1 in the final session, but no one cared, the damage had been done.

Some people got the impression Murray Ducker was evening up, but allowing for a couple of doubtful decisions in the last term — I thought his display was first-class.

I could name 15 Glenelg players in the best

WHO has marked—Don Lindner or Barrie Robran? Either way it was to North's advantage at Glenelg Oval today. Lindner's leap has unsettled Glenelg's Ray Button, while Robran is also on top of an opponent.

players before getting around to North's best.

Pattinson or Eustice was best afield. Both had 27 kicks — Pattinson kicked 8-3 and Eustice 2-0 from centre — both won the ball the hard way when they had to and were still running hard at the finish.

Colbey (with Pattinson) must come into State selection calculations after a great game at half-back, ripe with great anticipation and excellent disposal to set the Bays goalwards with his rebound.

Long and Kernahan controlled the rucks and played well in field play. They were well supported by Kerley and Button.

Anesbury was busy at roving until a hit on the temple took some of the running out of him.

Fred Phillis, despite tight checking by Barr, showed his class to notch 8-5.

North's best were hard to pick. I could suggest only four who put up a showing. They were Robran (rucking), Jaworskyj (half-back), Hammond (ruck), and Barr.
