# STURT, NORTH, PORT SHOW OUT

By Stan Wickham

**Convincing wins to the three top teams—Sturt, North, and Port—favor them as chief early contenders for final round chances.**

Port, whose "killer instinct" is returning, served further danger notices to all sides when they steamrolled West at Alberton today.

After an impressive three quarters, the Magpies erupted with a brilliant 10-5 in the last term to flatten the opposition.

Sturt scored an easy victory over Woodville.

Despite early setbacks with Jarrett then Bagshaw, Sturt showed their versatility by making covering changes without losing poise.

Davies from reserve to full forward for five goals, and Burgan from full forward to full back were instances of the

Blues' power and depth of reserve.

North's switch of Robran to centre half-forward, the move of resting ruckmen Lindner and Webb to a half-forward flank, and Hearl's work on the other flank, was a winner for them today.

Robran (8 goals), Hearl (6), were power points, although the centre line has been robbed of some penetration, North are gradually settling down to a pattern.

Centrals were not disgraced in losing by 47 points, as they could have received a more favorable deal for Farnham in ruck.

Their downfall was the failure to contain Robran

and Hearl.

## Productive

Torreans' improved form against Sturt last week was emphasised today when they broke the drought at Norwood's expense for their first win.

Norwood's inability to score in the wind cost them dearly, as their two sessions with the wind were most productive.

Glenelg sneaked in to win by four points over South.

The Glenelg lads filling the gaps left by the departure of seasoned players are being persisted with, and will benefit from the confidence shown in them by the selectors.

Glenelg were trouncing South by as much as 15 goals last year, so Jim Deane must take some solace from South's performance today.

# Panthers showed spirit at Glenelg

**South Adelaide took advantage of Glenelg's atrocious kicking for goal in the first half to stage a courageous recovery.**

BY BILL SUTHERLAND

	1st	2nd	3rd	Final	Pts.
Glen.	4-12	7-18	8-22	12-25	97
South	2-1	4-3	10-8	13-15	93

After being 33 points down at half-time, the young Panthers showed plenty of "Deane" spirit to get within four points of Glenelg at the final siren.

Three good moves by coach Jim Deane had a big bearing on the Panther recovery.

They were Backman to centre against the devastating Marker, Palmer to full-back on Fred Phillis, and an extra rover at the centre bounces.

Even then South centre half-forward Peter Jones had a shot for goal after the final siren only to see his shot drop five yards short of victory.

## Good opening

Glenelg opened brilliantly into the wind with Kernahan and W. Phillis combining to offset the early influence of Darley in ruck.

Marker dominated the pivot and with both rovers Pattinson and Voigt running riot, the Bays were in control.

Fred Phillis was gaining possession almost at will, and only shocking

kicking for goal stopped a complete rout.

Phillis could only manage three goals four behinds from eight shots with Sandlands also off target with only three points.

With a 23-point lead and the second quarter to come with the wind, the game looked all over even at that early stage.

## Other ideas

But South had other ideas with the import and switch of Palmer on to Phillis and a lift in defence by Rowell.

Palmer played intelligent football against the star goalsneak to restrict Phillis to only goal two behinds for the rest of the match.

And that goal came from a free against Grimes.

The third quarter saw Backman at centre against Marker. The South Adelaide captain played a brilliant quarter.

A lift in ruck and across half back and half-forward had the

Bay defenders running around in circles.

Jones at centre half forward swung into the game with a vengeance to boot two good goals.

Backman sank a 60-yard torpedo punt through the middle after marking high and the Panthers were playing as if inspired.

An almost desperate goal to Newberry was the Bays' only major for the quarter and South were within two points.

## Thrown in

Palmer was a major stumbling block at full back with great rebound thrown in for good measure.

The wind had dropped and when South hit the front early in the last term through Darley the home side were in big trouble.

After costly misses by Jones, Darley and Howlett, the Tigers steadied. Goals by Voigt, Rosewarne and Phillis made them appear safe.

Marker was on top again at centre and the Bays have this very talented player to thank for their revival.

The Bays were 18 points clear with only five minutes to go.

Then came another South fight-back led by Jones and Howlett.

South deserve a heap of praise for their fighting spirit to again get within four points of the home side on the siren.

Glenelg aren't a shadow of the machine of last year, although their first quarter had all the signs.
